

Past Award Recipient & President Profile

Lorinda Bishop
President, 1999
Linus J. Ryland Award, 2001
University of Toledo

Where is she now?

University Registrar at the University of Toledo for the past 3 years. Getting ready to implement my second ERP(SCT-Banner).

My favorite "serious" OACRAO Memory...

Not any one in particular but just the way we all pull together when issues arise, like transfer and articulation changes. This group is very willing to share ideas and plans.

How I got involved with OACRAO...

When I first became a registrar(didn't know what the profession entailed, I had been teaching computer programming, the former registrar said, "This is a meeting you must go to". I got hooked after the first meeting.

My favorite "fun" OACRAO memory...

The very first LAC I co-chaired in 1994, we had not scheduled a room large enough for a Presidents reception(invitees only) so Wendy, being the generous person she is, opened the reception up to the entire group and we had it by the pool in Perrysburg. What a great time folks had. This act truly showed the friendliness of the group and the willingness to depart from the norm.
