

## Past President Profile

Glenn Davis  
President, 1997  
College of Wooster

### Where is he now?

I'm serving as the University Registrar at Utah State in Logan. I just completed my third year here on July 8 2005, and I miss all of my friends in Ohio so much.

### How I got involved with OACRAO...

My involvement with OACRAO began my year at Wooster. I think I simply responded to the invitation to attend the annual state conference and decided to continue because to the people and colleagues that I met and admired. This was a true for every minute of my fourteen years with OACRAO.

### My favorite "serious" OACRAO memory...

Our state meetings were ALWAYS packed with business and fun to the point that I looked forward to attending each year. But, since I must select one, I still recall the meeting in Perrysburg as one with a lot fun to had by all. I believe it was the setup of the conference center with everything being on-site that made it convenient.
