

Past Award Recipient & President Profile

Brad Myers

Linus J. Ryland Award, 2004

President, 1998

Garland Parker Award, 1996

The Ohio State University

Where is he now?

Still University Registrar at Ohio State.

My favorite "serious" OACRAO Memory...

I had a hand in two things I consider really valuable for the association:

The development and adoption of the Articles of Incorporation, and the first Great Lakes conference in 2000 at Toledo.

I think both have important long-term benefits for the organization.

How I got involved with OACRAO...

When I joined OUR at OSU near the end of 1989, there was already a "culture" of involvement in both OACRAO and AACRAO within the office. Gene (Schuster, the University Registrar at that time) was very encouraging of getting involved - an encouragement he clearly learned from Ken Bogart. Both served as both OACRAO and AACRAO presidents.

My favorite "fun" OACRAO memory...

There are so many - very difficult to chose! It's hard for me to believe that our annual meeting in Perrysburg was more than 10 years ago, but I will always remember "game night," around the indoor swimming pool. A couple of members ended up in the pool, and many of us wore "hats" while we were playing games. I believe I was a lobster. Great fun!
