

## Past President Profile

Gene Roller  
President, 1972  
Wittenberg University

### My favorite "serious" OACRAO memory...

During my stint as OACRAO President of working with many colleagues in putting together programs for the membership.

### My favorite "fun" OACRAO Memory...

The comraderie at each OACRAO meeting both inside and outside of the program sessions.

### How I got involved with OACRAO...

Immediately after joining the Wittenberg University staff in 1961 as Assistant Registrar I became involved in OACRAO serving for a long time upon the Enrollment Committee with Garland Parker and John Hattendorf. It was through Garland's encouragement and counsel that I became more involved with OACRAO.

### Where is he now?

After retiring from Wittenberg University in January 1999 as Registrar Emeritus, I did a stint as Acting Registrar at Antioch University during 1999-2000 while they searched for a new Registrar. I am volunteer as a tutor at the Clark County Literacy Coalition, and as a docent at the Clark County Historical Society Heritage Center Museum. Next year I will also serve as President of our local fraternal benefit society. My wife and I are involved in genealogical research at our local County Genealogical Society where I also serve as Treasurer and when we can manage we take off for parts unknown (mainly by train, of course!)
