## Great Lakes 2000!!!

Whether you subscribe to the year 2000 as the first or last year of the century, you must admit that sharing the celebration with our Indiana and Michigan colleagues is a great way to start (or end) a millennium. Such an event does not occur without many hours, and in this case, years of planning and hard work by many, many people.

This has been a busy year and, at the risk of omitting someone, I cannot let this opportunity slip away without recognizing some of the principle players from OACRAO who played key roles in bringing the GREAT LAKES 2000 Conference to fruition. The idea of bringing the neighboring states together for a single conference in the fall had been discussed for many years. It wasn't until Brad Myers volunteered to act as coordinator of programs and then organized an early breakfast meeting of the Presidents and Presidents-elect from Illinois, Indiana, Michigan, and Ohio at the AACRAO annual meeting in Charlotte, NC that agreement was reached to hold a joint conference.

Since that time, Brad has been **more** than busy working with Bob Myers, VP Programs, and Martha Hicks, VP Workshops, and the representatives from IACRAO and MACRAO responsible for programs and workshops in order to merge a bit of the flavor of each of the three individual conferences into one. Lorinda Bishop, Past President and chair of the LAC, has had the formidable task of meeting the accustomed and sometimes, the seemingly impossible, needs of each of the organizations and groups requiring special facilities, housing, etc., that every LAC encounters, but multiplied by three times this year.

As your soon to be Past President of OACRAO, permit me to acknowledge and thank Deb Benton for her continued maintenance and improvement of our Web pages, Dave Sauter for accepting the

position of Historian, Jane Pidcock and the members of the Scholarship Committee who read more than 900 applications this year, and Connie Goodman, editor of the newsletter, whose dedication, good humor and patience with those of us responsible for sending newsletter copy to her is most appreciated.

Finally, I am most grateful and appreciative for the willingness of the chairs, vice chairs and the members of all of the OACRAO committees to give of your time and talents. You are the unsung heroes who do the work and are rarely recognized for your efforts. Without each of you contributing in your own way OACRAO would not be as strong and effective as it is. I hope each of you will seriously consider volunteering for a committee assignment this year and join the OACRAO team. You and OACRAO will be the better for it.

Thanks for helping and being ready to say, "OK", when asked, and that's a thirty, folks.

Sincerely,

Byron Thorsen  
OACRAO President

**LATE BULLETIN!!!**

Calling all current and future Committee Members!!

All of the Committees of OACRAO will meet on Friday morning of the Great Lakes 2000 Conference. Our purposes will be to get a "jump" on the planning of the 2001 Conference, for you to get to know other committee members a little better, and to "test the waters", so to speak, for those of you who aren't sure about the committee on which you want to serve. IACRAO and MACRAO have been doing this for years, so we thought we would try it this year on an evaluative basis.

OACRAO President

## Summer 2000 Workshop Review

Another successful summer workshop series has come to an end. Thanks to all of you from across the state who participated in one of the two workshops this summer at Columbus State Community College.

Our first workshop on June 27th was a Residency Officers Update and we had 36 attendees as well as our facilitators. Thanks to facilitators Gene Palmer (BGSU), David Axsom (OU) and Denise Leu (Northwest State Comm College), and our Ohio Board of Regents representatives Jay Johnson, Bev Farmer and Mary Martin. The popularity of this workshop topic continues to grow and truly serves as a great opportunity to network with folks around the state dealing with similar residency issues. Participants were also able to collect sample residency applications from institutions that were represented at the workshop.

The second workshop on July 11 was titled: "Web Recruitment: From the Prospective Student to the Graduating Senior". There were 31 attendees at this workshop in addition to the presenters. Thanks to our Web presenters Chris Munoz (University of Dayton), Karen Henn and Ted Hattemer (OSU) and Lynda McKendree and Katherine Fournier (OU). Talk about web presence! The presenters shared with the group the ways the web has enhanced their respective institution's interaction with prospective as well as current college students in recruitment and retention.

We did have a third workshop scheduled for early August on Performance Feedback, but schedules got so hectic as you all started gearing up for the new school year, that we had to cancel the session. I am happy to say that the session will be offered this fall as a preconference workshop at the Great Lakes 2000 Conference, so be sure to watch for it in the conference registration info.

I have truly enjoyed working with my friends at Columbus State who have hosted the summer workshop series with me the past two summers .

Many thanks for their hospitality. But more importantly, thanks to all of you who have taken the time out of your busy campus schedules to participate in these worthwhile sessions. This has been a wonderful opportunity for networking, professional development, job enhancement, and plain old "catching up".

Don't forget to take a look at all the preconference workshop opportunities available at the GL2000 conference in Toledo. They're sure to be an exciting start to the 2000 Conference!

Many, many thanks!

Martha Hicks  
VP for Workshops

## Scholarship Committee Announces Recipients for 2000

The Scholarship Committee is pleased to announce the selection of four outstanding recipients for the \$500.00 OACRAO 2000 Leadership and Service Scholarships. The four recipients were chosen after an intensive review of over 900 applications.

The 2000 scholarship recipients include Zachary C. Bako from Niles McKinley High School, who will attend Case Western Reserve University; Heather A. Heck from Springfield Local High School, New Middletown, who will attend NEOUCOM (North-east Ohio Universities College of Medicine); Natasha Hamilton from Cleveland Heights High School, who will attend Xavier University; and Erin McHenry from Wadsworth High School, who will attend Ohio University.

I wish to thank the OACRAO Executive Committee and the OACRAO membership for your support. As a result of Executive Committee's commitment and the generous contributions from the OACRAO membership the Scholarship Committee was able to offer four scholarship this year. I also would like to salute the members of this year's scholarship committee who worked very hard to distribute and review the scholarship applications. The scholarship committee requires a lot of time commitment, however it is also very rewarding. Thanks!

In order to increase the number of scholarships for this valuable program the scholarship committee plans to sell raffle tickets for a ride for two on the "Spirit of Akron Goodyear Blimp". In addition we will again offer the popular "Split the Pot" tickets at the Great Lakes 2000 Conference in Toledo. If you're planning on attending the conference this year you'll need to show your OACRAO Spirit by wearing your OACRAO shirt. If you haven't already purchased an OACRAO shirt there are still a few available. Please print the shirt order form available at <http://www.oacrao.ohiou.edu/> and place your order today!

Please consider making a contribution to the scholarship fund. With your help the scholarship program will continue to grow.

Our committee looks forward to seeing you in Toledo.

### Where Are They Now?

Gerri Chitty Hill (former University Registrar at the University of Akron) and Marian Hogue (Weatherhead School of Management) are launching a new expedition start-up. Gerri creates the map with detailed directions and Marian is the navigator. They're working out a few "bugs" and are using the skills of consultant Roberta Sikula (Kent State) to steer this endeavor in the right direction! They invite golfers in the Northeastern Ohio area to give one of them a call and they will arrange a get-together!

Vol. 14 No.2  
Summer, 2000

Published by the Ohio Association of Collegiate Registrars & Admissions Officers

Summertime! Now that it is here, we look again at the calendar and, if you are like me, it seems "...the hurrieder I go, the behinder I get...". With this issue of the newsletter available to us in June, only two months of "summer" are left for us to accomplish all that we set out for ourselves after, for many of us, the end of the regular academic year.

Hopefully, we can all take the time to step back and take some time to reassess and revise our procedures, as needed, plan for upgrading our professional skills, relax and enjoy some personal growth time (visit a new place, read a book, smell the roses), and consider new ways in which we can participate in OACRAO as a volunteer.

I hope many of you will take the opportunity to attend one or more of the three summer workshops scheduled for June 27, July 11, and August 3 developed by Martha Hicks, Vice President – Workshops. The topics are relevant to what we do. Each workshop is described more fully in this newsletter.

We are grateful to Columbus State Community College for their willingness to host each of these events and for Deb Benton for putting the registration on the web. Registration can be made on-line on the OACRAO web site ([www.oacrao.ohiou.edu/](http://www.oacrao.ohiou.edu/)

[workshop.html](#)).

Planning for the Great Lakes 2000 Conference continues with Lorinda Bishop, Past-President, as the Local Arrangements Chair. Lorinda has provided an update of the activities currently under way and preliminary plans for the Conference. Make sure you have blocked out November 1-3 for this historic event.

We need your help and suggestion for who should assume leadership roles in OACRAO for the future. The offices of President-Elect, Treasurer and Vice-President, Workshops need to be filled. Please send your nominations to Lorinda Bishop [lbishop@owens.cc.oh.us](mailto:lbishop@owens.cc.oh.us), Past President, or to anyone on the Nominating Committee, members of which can be found on OACRAO's award winning web site (another reason to "check in" and "check out" what is new) at <http://www.oacrao.ohiou.edu/comm.html#nom>.

Watch for more information about the Great Lakes 2000 Conference in September and, meanwhile, have a wonderful summer!

## Great Lakes Conference 2000

Make a mental note of this logo! You will see it often this fall. Make a real note in your calendar now for November 1 - 3, 2000! These are the dates for the first ever Indiana-Michigan-Ohio ACRAO conference. The conference is being developed jointly by the three states and will replace the individual fall annual meetings for this year. It will take place at the beautiful Wyndam Hotel which is centrally-located in Toledo, Ohio.

Sessions will be offered by each state and will include many new offerings as well as the very best from last year's individual state conferences. The meetings are being structured to accommodate the usual format of the individual state meetings as well as to offer many common, shared events.

Successful program planning has resulted in a tentative schedule of many, varied sessions and a selection of workshops. Topics include transfer articulation, enhancing marketing strategies, best practices in web applications for both admissions and registrar offices, electronic documents, reporting issues, government relations, systems conversion, and fraudulent credentials, among many others.

In addition to a lively sharing of information and ideas, the agenda allows time for getting to know other colleagues from the Great Lakes region during evening social events. Thursday night's big event, for example, will be held at the Center of Science and Industry (COSI) Museum, located next door to the Wyndam Hotel. Anyone who has ever been to COSI in either Columbus or Toledo knows that we are in for a fascinating evening. Those who have never been to COSI won't want to miss it. To learn more about COSI Toledo, visit their web site at <http://www.nbc24.com/cosi1.htm>.

## AACRAO 2000 - New Orleans!

AACRAO 2000 was held in New Orleans, Louisiana, April 9th through 12th. The underlying theme was “Laissez les bon temps rouler” (let the good times roll). Nearly 2800 persons registered for the conference with OACRAO members being well represented within that number. Several OACRAO members presented in the 200 sessions offered, and many attended pre-conference workshops. The interesting workshops and sessions, in addition to an abundance of social activities, kept everyone busy.

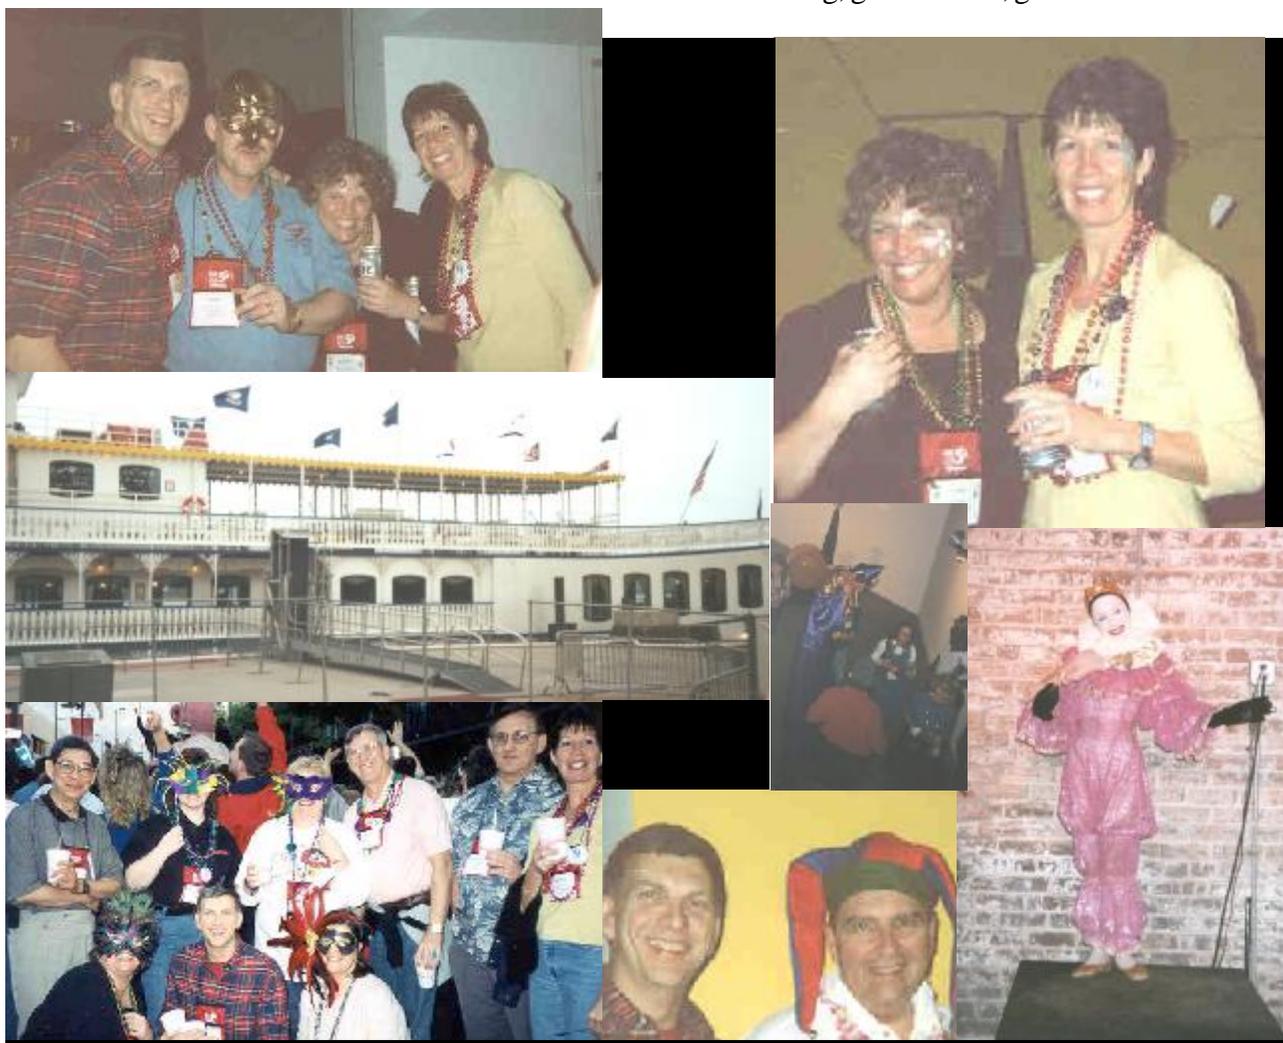

Meeting highlights included the approval of AACRAO’s new status and the passage of the budget and revised Bylaws, excellent sessions, and several featured speakers. The Washington Update, a panel discussion with noted authorities Nancy

Coolidge and Terry Hartle, was very well attended. Also available, this year, was the “Jobs On-line Room” where prospective employers and employees were able to conduct interviews in a private setting.

The Louisiana Lagniappe on Tuesday night provided an opportunity for all to experience the wonderful foods of new Orleans. Preceding this taste treat was our own Mardi Gras parade from the conference hotel to the Lagniappe location.

Several of the Ohio Contingent took a leisurely paddle boat ride on the Mississippi. The sounds of jazz filled the cabin, while the relaxing music of the paddle serenaded those on the upper deck.

Good meeting, good friends, good times for all.

Recruiting is no longer the responsibility of just the university admissions office at a college fair or high school visit. The whole Enrollment Services "team" is in the game, starting with admissions and including the registrar's and student financial aid staff, and even the university's publications staff. Come to an eye-opening workshop and see how three Ohio institutions are changing their ways to accommodate those students who just can't get enough of the web.

See how institutions are attracting prospective students to their respective institutions and keeping them happy through graduation with the use of the web for everything from a virtual campus visit and live student profiles to an on-line admission applica-

tion, from course registration to grade distribution, and from financial aid electronic services for scholarships, employment, and student award letters to exit interviews. Bring a few of your own institution's ideas to share, but plan to take a few more new ones home with you.
